

Disciples Women's Ministries
Region of Greater Kansas City
Spring Retreat~~March 9—10, 2018
Tall Oaks Camp & Conference Center

Keynoter: Rev. Monica Lewis
Theme: Transformation

So often we forget to tell our own stories . . .

To tell the stories of our church . . .

To tell the stories of our faith . . .

To paint the picture of how God is at work transforming
our tiny part of the world and the universe around us.

When we flip that script . . . when we tell those stories . . . we
can speak transformation into our lives and into the church.

We know that hurt people hurt people.

But what if we really believed that changed people change people?

How can we find new life?

How will we tell our story?

Plan to join us at the Regional Women's Spring Retreat
Registration information will be provided in January 2018
